

MPPE for TOTAL E&P offshore F15A unmanned operation Gas Produced Water Treatment

MPPE for removal of:

- Dispersed oil (aliphatics)
- Dissolved and dispersed aromatics (BTEX, PAHs)

Since January 2002

- Robust against salt, surfactants, corrosion inhibitors
- Fulfilling TOTAL's environmental goal beyond present legal requirements
- Remote controlled
- To save space the MPPE unit is installed partially over the platform edge
